

LISA BONKER 2016 DISTANCE SEMINARS

We are breaking up the seminars into 2 sessions: Foundation Distance Seminar and Advanced Distance Seminar. My goal is to be able to work my favorite foundation exercises with the foundation group and to work more difficult sequences with the advanced group. I am hoping by breaking the seminar up into foundation and advanced dogs, I will be able to concentrate on the skills each team needs and be able to give each team more working time.

July 22-23 \$250.00 FOUNDATION DISTANCE SKILLS: This workshop will cover learning and refining agility foundation skills. We will focus on when, where and how to cue your dog properly using body language, verbal cues and motion. Emphasis will be on understanding the importance of drawing the dog's path to direct your dog through short and fun sequences. We will work on directional skills, such as go, here, switch, as well as learning and increasing distance skills. Also, we will work warm-ups, startlines, and my favorite foundation exercises! All levels of teams are welcome...beginner teams that need to learn these skills and more advanced teams that want a "tune-up" or would like to push for more distance. Dogs must be able to perform tunnels and hoops. My goal for this class is to teach my favorite foundation exercises needed to move on to more advanced exercises.

July 24-25 \$250.00 ADVANCED DISTANCE SEMINAR: During this seminar we will work on sequences to refine directionals while incorporating more distance into the exercises. We will push you to be more clear, crisp, consistent and calm in your handling. We will focus on when, where and how to cue your dog properly using body language, verbal cues and motion and push for more distance. Teams must be competing at least at the Novice level to attend this seminar and have attended a Lisa Bonker seminar. My goal for this seminar is to work with people that have attended a seminar with me already so we can really push for more distance.

Limited working spots available – register online now – Deposit of \$125.00 per two day seminar. Full payment 30 days prior to seminar.

Use Promo Code Bonker4 to register for all for days for \$450.00
